

My experience with LTD was a good experience. I rode the bus for 1 stop. I arrived 2 minutes early and the bus came to my stop at the exact time it was scheduled. It was very efficient with timeliness. When I got on the bus, the bus was clean and not too crowded. There were plenty of seats for people to sit. I stood for the duration of my ride. I stood somewhere in the middle/back of the bus. The ride itself was smooth. It was an easy transition from stop to stop. Once we arrived at our stop, the only door that opened to exit was the front door. So I walked up to the front of the bus to get off. This might be an issue for someone who has a difficult time walking to get to the front of the bus. Overall, my experience was good. It was easy, efficient and clean and I would recommend others to use.
